

available on salaries in the HMO and managed healthcare industry. The Survey is conducted semi-annually with results published in the Spring & Fall of each year. Our subscribers find the Survey an indispensable tool in effective compensation administration and staff retention.

Who Should Subscribe?

- Health plan executives including CEOs, Executive VPs, HR managers, and medical directors.
- Medicare & Medicaid Health Plans.
- Physician/Hospital Organizations affiliated with managed care.
- Multi-specialty Group Practices IDN affiliated with managed care or considering the development of their own health care plan.
- University based health plans, SNPs, ACOs, Patient Centered Medical Home Plans and Community Health Centers.
- Insurance companies, hospital systems, investment bankers, attorneys, actuaries, and consultants involved with health care organizations including HMOs and managed care organizations.

Warren Surveys first published the Warren Compensation Survey in 1980 and has established a reputation as the most reliable, confidential and consistent source

Benefits of the Survey

- You have the latest information at your fingertips since the Survey is issued every 6 months.
- You can quickly identify salaries in your area of the country since the Survey specifies 10, 25, 75, and 90 percentile, median and average salaries by geographic area. You can also scan other criteria for salary comparisons, including plan size, profit status, and ownership/affiliation.
- As a **participating** subscriber, you will have the benefit of our assistance in conducting specialized surveys, club surveys, or special analysis of our existing data at a **very** reasonable cost.
- Since we are an independent research firm, the data you submit to the Survey will remain confidential. You have our complete assurance that your organization's individual pay practices will not be disclosed in any manner whatsoever.

Notice Non-Participant Prices (available in the hard copy format only) are much higher than participant prices – please consider participating and ordering an electronic copy of the survey results

PARTICIPATION POLICY

While we welcome new subscribers to our survey, it is our policy that once an organization begins using our survey for their salary administration and staff retention, we expect them to participate on a regular basis in order to maintain their eligibility to purchase the survey results as well as the integrity of the survey. In this manner, we are able to provide consistent, quality information at a reasonable price to all concerned. Subscription prices reflect participation status. If an organization does not participate as promised, the second issue of the yearly subscription will be forfeited and further if an organization requests participation status in the future, they will be required to participate through a complete subscription cycle before being reinstated as a participant and during this first subscription cycle results will only be available to them at the non-participant rate and in the hard copy format.

I, _____, of _____ understand that *The Warren Compensation Survey* is conducted semi-annually and if I select the participation rate, I will be expected to participate in the survey on a regular basis by updating information at least once per year *beginning with the upcoming survey cycle.*

I hereby promise that our organization will do its part to maintain the integrity of the survey results by participating on a regular basis. I understand that failure to do so will jeopardize receipt of the results and/or limit access to our other services and will be charged the higher non-participant rate upon the next renewal. I further understand that, while signing this participation agreement is not legally binding, it is in our best interest and that of our industry colleagues to participate in the survey on a regular basis. *If I am a new client and place an order to subscribe at the participant rate but not follow through with participation, I realize I may be balance billed for the difference.*
